NRO REVIEW COMPLETED

9 August 1961

MEMORANDUM FOR: Mr. Eugene P. Kiefer, SA/TA/DPD
SUBJECT: Launching Schedule--CORONA Payloads

1. In response to your request in the attached memorandum regarding COMOR's view on the relative priorities of ARGON versus CORONA payloads, I have to report that the COMOR was consulted yesterday. Its view is set forth below.
2. COMOR reaffirms its need for satellite photography which will provide information on missile deployment and activities, as a highest priority matter. It recognizes that the Intelligence Community also is in serious need for geodetic control data obtainable from presently planned satellite photography.
3. The COMOR concurs in the present CORONA-ARGON schedule set forth in your memorandum.
